APPENDIX A.—REPORT ON FOREIGN MISSIONS.

We, your Committee, to which was referred the subject of Foreign Missions, beg leave to make the following report:

We see from the letters sent up by several Churches, that not a few of them are doing absolutely nothing to send the glorious Gospel to perishing souls abroad. Yet we are gratified in the extreme to know that some of our churches are doing all they can to sustain

the work. Brethren, where there are but a few who have to meet the demands of this, and similar enterprises, it is very trying on them. What we want is concert of action. If we could only get all the churches to co-operate in this enterprise the work would go on easily. But how is this end to be obtained? Can there be any arguments produced which would arouse our churches to duty? We contend that God's word is argument sufficient to prove to the mind of every true Baptist that he or she should do all in his or her power to sustain this board. Through our foreign missionaries, souls are being converted to Christ. The prosecution of this work depends upon the endeavors of our pastors. We are satisfied that there is not a single Church in the Cahaba Association but what would contribute something to Foreign Missions if its pastor would only ask for it. In view of this fact we recommend the adoption of the following resolution:

RESOLVED, That every church of this association take up at least two public collections for Foreign Missions during the incoming associational year, one in February and the other in October, and report, and send receipt from Dr. Tupper of the proceeds to the next session of this body.

Respectfully Submitted,
W. N. HUCKABEE, Chm'n.

APPENDIX B.—REPORT ON HOME MISSIONS.

The Home Mission work of our Southern Baptist Convention has been successfully prosecuted during the year. The amount of contributions has been somewhat larger than in the previous year. After much effort the debt due by the U. S. Government to our Board for the Pottawattomie Mission School has been liquidated. The Chinese Mission in California is about to be inaugurated, and Dr. Hartwell will probably be enabled to start during this month for California. In the service of the Freedmen's Mission, Bro. W. H. Robert has been employed at the instance of Rev. Dr. Marston, to labor with him. His experience in this work justifies the belief that Bro. Robert will be greatly useful in the conduct of ministerial institutes. The Indians recognize with increasing favor the labors of our missionaries among them. Dr. McIntosh is now in the nation in attendance upon the Creek Council in the hope that he may be able to establish a manual labor school for the education of one hundred Indian Children. The Council propose to give \$6000 to our board upon the condition that we board and clothe 50 boys and 50 girls at our school. The opening is a most inviting one, and if we can incur the expense of building the school houses and stocking the farm will give us great advantages in the culture and christianization of the tribes.

E. T. WINKLER, Chm'n.

APPENDIX C—REPORT ON STATE MISSIONS.

The work of evangelizing the State has been earnestly prosecuted during the past Associational year. Eleven men with the corresponding Secretary, have labored in 36 Associations.

The results are most encouraging. Numbers of Churches which were almost extinct have been saved to the denomination. Ten Churches have been organized, some of them in country towns and some in railroad towns. The Board is now occupying some important points, where flourishing Churches once existed. The influence of the work is being felt in the Churches. Seven years ago we had only 106 Sunday Schools in our Churches; now we have 800. The missionaries of the American Baptist Publication Society, a society which has a capital of at least half a million of dollars, organized only 110 Sunday Schools, whilst the missionaries of our State Board organized 170.

The missionary spirit is on the increase in our Churches. Nearly as much money was expended last year for State Missions as was given the previous year for State, Home and Foreign Missions. Associations which hitherto were practically anti-missionary bodies have been won over, and missionaries supported by them are now laboring in their bounds. That the work has a firm hold upon our people is evident from the increased contributions made for its support at the Associational meetings during the past week. With God's blessing and the co-operation of the Churches, it will not be long until the work shall be extended all over our State.

Bro. Baber, the Evangelist in your own field, has labored faithfully during the year, and God has greatly blessed his work. We earnestly urge the Churches of the Cahaba Association to do their full share in supporting this important enterprise.

Your Committee embrace in their report the report of Brother Baber.

Respectfully submitted,
T. M. BAILEY, Chm'n.

REPORT OF DISTRICT EVANGELIST.

TO THE CAHABA ASSOCIATION—

Dear Brethren: It is gratifying to me to report to you that there appears to be some improvement in your Churches within the past two years, although there is still a want of vitality in some of them that I am not quite able to understand.

Since your last meeting I have labored with some of your weak Churches, and from the expression of the brethren and others, feel that the labor was not in vain. I have had but little opportunity to labor in what is called the "destitution," because some of the

Churches have told me that they needed ministerial help, and because some others have not felt called upon to contribute to the support of the work, unless I should visit and preach for them. Of course, this latter fact ought not to exist; but I have had to act according to what ought to be, but according to what is. If the pastors would take the matter in hand, they could collect the salary of the Evangelist, and he could go more to those Churches and destitute localities where his services are most needed.

The following is a report of my work in your bounds since your last meeting: Sermons preached, 62; addresses, 2; days labored, 7; miles traveled, 461; baptized in connection with my labors, 8; Sabbath Schools organized, 8; Ladies' Aid Societies 2; Deacons assisted in ordaining, 3.

I refer you to the Minutes of the last State Convention for an account of my labors in the entire district during the Convention year.

Reasons of a private nature have constrained me to give up the position of Evangelist. I must leave the service of the State Mission Board; but I hope the work will go on within your bounds. It is a good work, as its results will testify. I venture to suggest that you take such actions as will assure the State Mission Board of your hearty co-operation with it in the future.

Respectfully submitted,
E. F. BABER.

APPENDIX D.—REPORT ON RELIGIOUS CONDITION OF CHURCHES.

Judging from the reports made to this Association, there has been an increase of Baptisms with the Churches over that of last year. And from accounts given through the *Alabama Baptist*, we notice that many churches have enjoyed precious refreshings from the presence of the Lord. The number and interest of Sabbath Schools, we are happy to state, continue to grow. Our Sisters in many of the churches, have organized themselves into Aid Societies and are real helpers in the glorious work of Missions. More of our members are taking and reading the *Alabama Baptist*, the good results of which are visible both in the churches and families. Good results have emanated from the District meetings of our Association and we recommend that they be continued. So far as our information extends, the visits of our District Evangelist, Rev. E. F. Baber, have been appreciated and the churches edified by his visits and preaching.

Respectfully Submitted,

P. C. DREW, Chm'n.

APPENDIX E.—REPORT ON ALABAMA BAPTIST.

The committee on the Alabama *Baptist* report that during the year, our denominational organ has been donated to Bro. West as his property, and that he intends to devote himself entirely to this business. Bro. West has succeeded in securing the services of Bro. Renfro as a co-editor, and is encouraged by the prospects of the paper. The subscription list is larger than ever before and is still increasing. We beg the ministers and private members of our associated churches among whom the paper had its origin, to do their utmost to extend its circulation and thus increase its power for good.

E. T. WINKLER, Chm'n.

APPENDIX F—REPORT ON SUNDAY SCHOOLS.

Your Committee on Sunday Schools beg leave to report:

We are more than glad to know from the statistics of our Churches, that the Sunday School interest of our Association is on the increase. Reports show that the larger number of the Churches has flourishing Sunday Schools—schools where the young and old meet on our Lord's day to study God's word. Yet, notwithstanding this, the interest can be increased. We can have a Sunday School connected with every church of this Association. By a slight effort, the organization of a Sunday School in every church can be done on the part of our pastors. It only remains for our pastors to do their part in this work, and then there will be a school in every district within our bounds. Brethren, let us put our minds and hearts to work for the accomplishment of this end. When we do this, our churches will be in a better state, our ministers more liberally supported, and the cause of our Master more honored.

W. N. HUCKABEE, Ch'mn.

APPENDIX G.—REPORT ON EDUCATION.

We deem it in this day and time unnecessary to urge the importance and value of Education, but we deplore the indifference manifested in the education of the rising generation, for without it those growing up around us will be totally unfit for the duties and responsibilities devolving upon them in the different callings of life, and without high culture there is not the ability to attain success in any calling nor the qualifications to make a useful Christian. Our duty to our families and duty to our country and God, demand that we should use every available means to enlighten the minds of those who are soon to take our places in society and in the Church. In the mind of the parent the spiritual cultivation of the mind of the child should be paramount to all other considerations, so every church should be equally concerned for the welfare of those brought up under its care. We have institutions of learning in Alabama, founded by our fathers and fostered by the Baptists of

Alabama which we as an Association cheerfully recommend to your patronage and support, feeling that they are equal to any institutions of the kind in the country and worthy of the patronage and support of the brethren throughout the country.

Respectfully Submitted,

LEWIS JOHNSON, Chm'n.

APPENDIX H—REPORT ON MINISTERIAL EDUCATION.

Your Committee, appointed at the last session of your body, to designate a beneficiary within the bounds of your Association, to receive the benefits of an education the present session in Howard College, have, after a full and fair conference with each other, in reference to a suitable man to fill the position, decided to recommend the appointment of Bro. W. N. Huckabee as one eminently worthy of the support of the Association in said Institution.

Respectfully submitted,

A. G. HUDSON, Chm'n.

APPENDIX I—REPORT ON SUPERANUATED MINISTERS, WIDOWS AND ORPHANS.

We heartily concur with the action of the State Convention to create a permanent fund, the *interest* of which *alone* is to be applied for the relief and support of superannuated ministers and their widows and orphans. We, therefore, recommend that a committee be appointed, consisting of one member of each district comprising this Association, whose duty it shall be to solicit and collect funds for this purpose.

Respectfully submitted,

O. H. PERRY, Chm'n.

COMMITTEE: First District, W. C. Mays; Second District, Porter King; Third District, R. Y. Woods; Fourth District, J. N. C. Brown.

APPENDIX J.—REPORT ON LETTERS AND DOCUMENTS.

Your Committee on letters and documents, beg leave to report that after an examination of the letters of the several Churches, we find no queries sent up from any of the Churches. We find no report of any brother being ordained into the ministry or licensed to preach the Gospel among the Churches.

We would urge the Clerks of the several Churches, in writing the letters to the Association, to be governed by the form as laid down in the minutes.

Respectfully Submitted,

J. A. FULLER, Chm'n.
